INVESTIGATORS ARE STILL SORTING OUT AN AMAZING SHOOTOUT AND BRAWL THAT HAS PUT FOUR PEOPLE IN THE HOSPITAL. TWO MEN WERE TAKEN TO DOCTORS HOSPITAL IN SARASOTA WITH GUNSHOT WOUNDS. TWO MORE WERE TAKEN TO BAYFRONT MEDICAL CENTER IN ST. PETERSBURG WITH EVEN MORE SERIOUS INJURIES. IT ALL STARTED IN THE WOODS OFF FRUITVILLE ROAD EAST OF THE INTERSTATE - NEAR THE TATUM RIDGE GOLF LINKS. SHERIFF'S DEPUTIES SAY TWO 11-YEAR-OLD GIRLS WERE OUT RIDING A-T-V'S AROUND DUSK, WHEN THEY CAME ACROSS A MAN WITH A GUN - WHO SAID HE WAS HUNTING RABBITS. WELL, ACCORDING TO INVESTIGATORS, THE GIRLS SAY HE APPROACHED THEM AND *MAY* - AND THIS IS WHERE THE DETAILS ARE SKETCHY - *MAY* HAVE DONE SOMETHING INAPPROPRIATE TO THEM. THE GIRLS WENT HOME AND TOLD THEIR PARENTS.. AND THREE MEN SET OUT INTO THE WOODS TO FIND THE HUNTER. INVESTIGATORS SAY THEY *DID* FIND HIM - AND THIS BRAWL BROKE OUT. DEPUTIES SAY THE HUNTER SHOT *ALL THREE* OF THE MEN WHO CAME AFTER HIM - BUT IN THE PROCESS, THEY BEAT HIM SO BADLY THAT HE *ALSO* HAD TO BE FLOWN TO THE HOSPITAL BY HELICOPTER. THE SUPPOSED HUNTER IS AT BAYFRONT MEDICAL CENTER WITH UNKNOWN INJURIES. THE FIRST VICTIM IS ALSO THERE, WITH A SERIOUS GUNSHOT WOUND.. AND THE SECOND AND THIRD VICTIMS ARE AT DOCTORS HOSPITAL IN SARASOTA, WITH GUNSHOT WOUNDS THAT DON'T APPEAR TO BE LIFE-THREATENING.

ELISABETH KELLY VITOLA DIDN'T KNOW AT FIRST SHE HAD A MEDICAL CONDITION THAT WERE CAUSING THE PROBLEM. SHE FINALLY GOT PREGNANT AGAIN WITH LITTLE ABIGAIL. EACH WEEK YOU GOT INTO YOU'RE LIKE OKAY WE MADE IT ANOTHER WEEK AND YOU WERE JUST HAPPY YOU GOT THAT FAR." WHAT WAS HAPPENING WAS THAT ELISABETH HAD A COMMON BLOOD CLOTTING PROBLEM CALLED FACTOR FIVE LEIDEN. IT CAUSES EXCESSIVE CLOTTING, AND IT'S BEEN RECOGNIZED IN THE PAST FEW YEARS AS A SIGNIFICANT CAUSE OF MISCARRIAGES. BUT IT'S NOT THE ONLY CAUSE...BECAUSE MANY WOMEN MISCARRY AND DON'T HAVE THIS PROBLEM. NOW, YALE UNIVERSITY RESEARCHERS HAVE IDENTIFIED A PROBLEM WITH OTHER CLOTTING FACTORS....NAMELY ANTI-CLOTTING PROTEINS Z AND S. PROTEIN Z AND PROTEIN S ARE ANTI-CLOTTING PROTEINS THAT PREVENT BLOOD CLOTTING. PROTEIN Z, IN FACT, HAS JUST RECENTLY BEEN DISCOVERED. "WHAT WE FOUND, IS THAT PATIENTS WITH THESE ANTI-CLOTTING PROTEINS WERE LOWER THAT HAD PREGNANCY COMPLICATIONS AS OPPOSED TO NORMAL PREGNANCY." STUDY AUTHOR DR. MICHAEL PAIDAS IS DIRECTOR OF PROGRAM FOR THROMBOSIS AND HEMOSTASIS IN WOMEN'S HEALTH AT YALE UNIVERSITY. HE FOUND THAT WOMEN WHO HAD PREGNANCY COMPLICATIONS HAD THE LOWEST LEVELS OF PROTEIN S. HE SAYS THE LOW LEVELS OF THE TWO PROTEINS MAY ACT TOGETHER WITH OTHER GENETIC CLOTTING TENDENCIES TO ADVERSELY AFFECT PREGNANCY. "ABOUT 8% OF ALL PREGNANCIES HAVE A PREGNANCY COMPLICATION LIKE PRETERM DELIVERY, OR MISCARRIAGE, OR PREECLAMPSIA, A BLOOD PRESSURE RELATED PROBLEM, OR HAVE BLEEDING IN PREGNANCY. AND BEING ABLE TO IDENTIFY THESE CHANGES EARLY ON IN PREGNANCY, ONE HELPS US TO PREDICT WHO WILL BE AT RISK, AND SECONDLY MAY OFFER US AN OPPORTUNITY TO PREVENT THESE COMPLICATIONS IN THAT PREGNANCY." IT'S THOUGHT THAT USING MEDICINE TO THIN THE BLOOD CAN HELP PREVENT THE COMPLICATIONS. ELISABETH IS ON A MEDICINE THAT BLOCKS THE CLOTTING FACTORS FROM OVERREACTING. IT FEELS BETTER AFTER THEY DIAGNOSE YOU WITH SOMETHING SO YOU'RE LIKE OKAY THIS IS WHAT'S GOING ON."

AS MANY OF THE ESTIMATED 232-THOUSAND MEN IN THE U-S WHO WILL BE DIAGNOSED WITH PROSTATE CANCER THIS YEAR-WRESTLE WITH THEIR DOCTOR'S ADVICE TO GET RADIATION THERAPY... THEY WILL ALSO NOW HAVE TO CONSIDER ITS RISKS.DANIEL SHASHA, MD/BETH ISRAEL MEDICAL CTR.: "WE HAVE KNOWN FOR A LONG TIME THAT RADIATION DOES CONFER A SLIGHTLY HIGHER RISK OF DEVELOPING CANCER IN THESE PATIENTS. THIS STUDY IN PARTICULAR POINTS TO A HIGHER POSSIBILITY OF DEVELOPING RECTAL CANCER." RESEARCHERS LOOKED AT MORE THAN 85-THOUSAND MEN. AND-REPORT IN THE LATEST ISSUE OF "GASTROENTEROLOGY"-THAT THEIR RISK OF DEVELOPING *RECTAL* CANCER...WAS 70-PERCENT HIGHER IF THEY HAD BEEN TREATED WITH RADIATION FOR THEIR *PROSTATE* CANCER. "ONE BIG QUESTION THAT NEEDS TO BE ADDRESSED IN FUTURE STUDIES IS IT IN FACT A CAUSE OF RADIATION-OR IS IT A TOOL THAT WE'VE USED----- THAT HAS TRIGGERED A NEED FOR SCREENING." DR. DANIEL SHASHA OF BETH ISRAEL MEDICAL CENTER IN NEW YORK WONDERS WHERE THESE CANCERS WERE SIMPLY "CAUGHT" WHILE SCREENING FOR THE STATUS OF THE PATIENTS' PROSTATE CANCER. THERE ARE A FEW THINGS TO CONSIDER ABOUT THE SOMEWHAT ALARMING NUMBER REPORTED IN THIS STUDY. THE MEN WHO WERE

LOOKED AT-WERE TREATED FOR THEIR CANCER *BEFORE* 1995...WHEN RADIATION TECHNIQUES WERE NOT QUITE AS DEVELOPED...AND "EXACT." RADIATION TREATMENTS THAT WERE DELIVERED-IN THE TIME PERIOD OF THE STUDY-REALLY GO BACK 2-3 GENERATIONS NOW. THE TREATMENT PEOPLE WERE RECEIVING THEN CONSISTED OF LARGER AREA BEING RADIATED." NOW-DOCTORS RELY ON EXTERNAL BEAM TECHNOLOGY AND RADIOACTIVE SEED IMPLANTATION TO DELIVER THE RADIATION -TO ONLY THE AREA NECESSARY. BUT UNTIL THE LATEST RADIATION TECHNIQUES ARE STUDIED FURTHER IT WILL BE THE TRADITIONAL GAME OF WEIGHING THE RISKS AGAINST THE BENEFITS. "THE CHANCE OF A PATIENT DEVELOPING A RECTAL CANCER IS PRACTICALLY NEGLIGIBLE. THAT SHOULD BE WEIGHED AGAINST THE RISK OF A PROSTATE CANCER PROGRESSING IN THE ABSENCE OF TREATMENT." EVEN THOUGH IT IS NOT AS AGGRESSIVE AS OTHERS...PROSTATE CANCER IS THE SECOND MOST COMMON CANCER IN MEN. SKIN IS FIRST.

LIKE MILLIONS OF AMERICANS, SUE FERCH TAKES LOW-DOSE ASPIRIN TO REDUCE THE RISK OF A HEART ATTACK.... SHE'S BEEN DOING IT FOR 10 YEARS. I DO TAKE THAT DAILY AND I TAKE IT ON THE ASSUMPTION THAT IT MIGHT HELP. BUT A NEW STUDY IN THE NEW ENGLAND JOURNAL OF MEDICINE SUGGESTS IN HEALTHY WOMEN, IT MIGHT NOT. DOCTORS HAVE LONG RECOMMENDED SOME PATIENTS TAKE A LOW DOSE OF ASPIRIN DAILY... BUT THAT WAS BASED ON STUDIES IN MEN. NOW, THEY HAVE RESULTS OF A TRIAL IN WOMEN. IN THE POPULATION OF WOMEN WHO ARE IN THAT AGE GROUP OF 45 TO 65, THERE IS NO EVIDENCE THAT ASPIRIN PROVIDES A BENEFIT IN PREVENTING HEART DISEASE. BUT THEY DID FIND A TRADEOFF: DAILY ASPIRIN IN HEALTHY WOMEN DOES HELP PREVENT STROKE... A BENEFIT THE MEN DON'T GET. BUT WHAT ABOUT PEOPLE WHO HAVE ALREADY HAD A STROKE -- PUTTING THEM AT HIGH RISK FOR A SECOND? IN A SECOND STUDY, RESEARCHERS COMPARED HIGH DOSES OF ASPIRIN IN THESE PATIENTS -- TO A POPULAR ANTI-CLOTTING DRUG CALLED WARFARIN -- OFTEN SOLD AS COUMADIN. THE PEOPLE WHO GOT WARFARIN DID WORSE, EVEN THOUGH WARFARIN IS ARGUABLY A MORE POTENT ANTI-COAGULANT. THE STUDY FOUND ALTHOUGH THE RISK OF STROKE WAS ABOUT THE SAME ON BOTH DRUGS -- NEARLY 18 PERCENT FOR WARFARIN, NEARLY 21-PERCENT FOR ASPIRIN -- COMPLICATIONS LIKE HEMORRHAGE OR DEATH WERE SIGNIFICANTLY HIGHER IN THE PATIENTS TAKING WARFARIN... SO THE STUDY WAS STOPPED EARLY BECAUSE OF THE DANGER TO THE WARFARIN PATIENTS. THERE WAS NO IMMEDIATE REACTION FROM THE MAKER OF COUMADIN, BRISTOL MYERS SQUIBB.

BUT IN HIS LAST YEARS PARKINSON'S DISEASE MADE HIM FRAIL AND WEAK. PARKINSON'S IS CAUSED BY A LOSS OF THE BRAIN CELLS THAT PRODUCE A CHEMICAL, DOPAMINE . WITHOUT ENOUGH DOPAMINE PARTS OF THE BRAIN BECOME OVERACTIVE AND SUFFERERS LOSE CONTROL OF THEIR MUSCLE ACTIVITY. THE MOST EFFECTIVE TREATMENT, A DRUG DEVELOPED MORE THAN 30 YEARS AGO. "WELL, THE TYPICAL DRUG GIVEN IS THE DRUG L-DOPA WHICH THE BRAIN CONVERTS INTO DOPAMINE AND THUS SOME OF THE DOPAMINE THAT'S BEEN LOST IS REPLACED." THIS QUIETS THE OVER-ACTIVITY. BUT THERE ARE LIMITATIONS. "FIRST OF ALL

SINCE THE AGE OF FIFTEEN, ALCOHOL ADDICTION CONTROLLED JOHN BAUHS' LIFE HURTING HIS PERSONAL RELATIONSHIPS, AND AFFECTING HIS HIGH-PROFILE CULINARY CAREER. THERE IS NO POSSIBLE WAY AFTER HEAVY NIGHT OF DRINKING...IT'S IMPOSSIBLE TO BE 100%. EVERY ASPECT OF MY BEING WAS AFFECTED. IT WAS DIFFICULT FOR ME TO FOCUS, TO CONCENTRATE. WHEN I WAS SOBER, THINKING ABOUT THE NEXT TIME I COULD DRINK. IT'S ALL CONSUMING. HE TRIED PSYCHOANALYSIS, AN INTENSIVE OUTPATIENT PROGRAM, AA MEETINGS, AND SIMPLY GOING COLD TURKEY... NONE OF THEM WORKED FOR HIM. I DIDN'T SEE A FUTURE FOR MY RELATIONSHIP WITH MY SELF AND WIFE, I DIDN'T SEE A FINANCIAL FUTURE I SAW MY REALTIONHIP WITH MY FAMILY FADING AWAY, WITH FRIENDS FADING AWAY ..I WAS AFRAID FOR MY LIFE, AND I THOUGHT I WAS GOING TO DIE. FINALLY, HE TRIED THE DRUG NALTREXONE, A PILL DESIGNED TO CURB THE CRAVING FOR ALCOHOL BY BLOCKING THE EUPHORIC FEELING ALCOHOL CAN GIVE. AND FOR THE LAST EIGHT MONTHS, JOHN HAS BEEN SOBER. TAKING A DAILY PILL HAS BEEN WORKING FOR JOHN ... BUT FOR MANY ALCOHOLICS, STICKING TO A SCHEDULE AND TAKING A PILL EVERY DAY IS AN EXTRAORDINARY CHALLENGE. ALCOHOLISM IS A DISEASE WHERE INDIVIDUALS HAVE MIXED FEELINGS ABOUT WHAT THEY WANT TO HAPPEN -- ON THE ONE HAND THEY WANT TO GET BETTER, ON THE OTHER HAND, THERE'S A PART OF THEM THAT'S DRIVING THEM TO CONSUME ALCOHOL. SO RESEARCHERS HAVE NOW DEVELOPED AN INJECTABLE FORM OF THE DRUG, GIVEN ONCE A MONTH, INSTEAD OF ONCE A DAY. BY HAVING IT ONLY ONCE A MONTH, YOU DONT HAVE TO WORRY ABOUT IT, YOU DONT HAVE TO THINK ABOUT GOING TO THE DRUG STORE, YOU DONT HAVE TO WORRY ABOUT FORGETTING TO TAKE IT, AND YOU CAN FOCUS ON OTHER ASPECTS OF LIFE- LIKE WORKING ON REPAIRING YOUR FAMILY LIFE, AND MAKING YOURSELF BETTER. SIDE EFFECTS OF THE DRUG ARE MINIMAL BUT INCLUDE NAUSEA AND MILD HEADACHES AND FATIGUE. IF APPROVED BY THE F-D-A, THE INJECTABLE FORM OF NALTREXONE WOULD JOIN A SHORT LIST OF DRUGS DESIGNED TO HELP CONTROL ALCOHOL CRAVINGS. FOR PEOPLE STRUGGLING WITH ALCOHOL, THESE DRUGS MEAN EVEN MORE HOPE THAT THEY CAN RECOVER FROM THIS DISEASE... THEY'RE NOT A MAGIC BULLET AND THEY DON'T WORK FOR EVERYONE .. WE ARE STARTING TO DEVELOP MEDICATIONS TO TREAT ALCOHOLISM THAT CAN HAVE AN EFFECT. FOR JOHN, HE'S TAKING IT ONE DAY AT A TIME... I SEE A BRIGHT FUTURE. MY URGE TO DRINK IS COMPLETELY GONE. IF 44-YEAR OLD KATHERINA'S MIRROR COULD TALK...IT MIGHT TELL HER THAT SHE IS IN GOOD COMPANY. MILLIONS OF OTHER WOMEN ARE ALSO FRUSTRATED WITH THEIR AGING SKIN. "THESE 2 LINES THAT GO FROM THE NOSE DOWN TO THE MOUTH - THE OLDER I GET-THE DEEPER THEY GET-LIKE 2 RIVERS." AFTER EXAMINING THE GROWING LIST OF AVAILABLE PRODUCTS TO FILL HER SELF-LABELLED "RIVERS", KATHERINA HAS CHOSEN ONE - ORIGINALLY APPROVED TO HELP THE "SUNKEN" LOOK OF SOME AIDS PATIENTS "SCULPTRA." "THIS IS A POLY-LACTIC ACID WHICH IS A CRYSTAL YOU INJECT IN THE DEEPER AREAS OF THE SKIN." THE CRYSTALS ARE SUSPENDED IN WATER...AND INJECTED...THEY ARE DESIGNED TO ACTUALLY FORCE THE BODY TO MAKE MORE COLLAGEN...PLUMPING UP THE AREA. ALMOST EVERYONE OVER 40 -- IS A CANDIDATE. "WE LOSE OUR TEMPLES (DEMONSTRATES). THEY BECOME SUNKEN. WE BECOME A BIT SUNKEN UNDER THE EYES. WE HAVE THIS DEEP FOLD BETWEEN OUR NOSE AND OUR CHEEKS-AND EVEN OUR CHIN CAN BECOME A BIT DIMPLED." BECAUSE IT CAUSES AN ACTUAL REACTION IN THE BODY, THE FILLER TAKES TIME TO WORK. WHAT PATIENTS SEE FIRST IS INFLAMMATION. "AFTER THE

FIRST TREATMENT THE SWELLING WILL GO DOWN." KATHERINA WILL PROBABLY NEED 2-TO-4 TREATMENTS TO FILL IN HER "LAUGH LINES." WHILE THEY ARE THE MOST COMMONLY REQUESTED AREAS OF TREATMENT...DERMATOLOGISTS ACROSS THE COUNTRY ARE STARTING TO EXPERIMENT WITH OTHER SPOTS. THIS FILLER IS DIFFERENT BECAUSE YOU ARE ABLE TO VOLUMIZE AND FILL LARGER AREAS OF THE FACE ALL AT ONCE." DR. ELLEN MARMUR OF MT. SINAI HOSPITAL IN NEW YORK SAYS IT CAN EVEN BE HELPFUL TO CORRECT LIPOSUCTION ...WHEN TOO MUCH FAT HAS BEEN TAKEN OUT OF A PERSON'S BODY. STUDIES SHOW SCULPTRA DOES LAST LONGER THAN OTHER FILLERS, BUT IT IS NOT PERMANENT. THE BODY BREAKS DOWN THE *NEW* COLLAGEN EVENTUALLY...AND PATIENTS NEED A TOUCH-UP...USUALLY IN ABOUT 2 YEARS. THAT'S TWO YEARS OF LOOKING YOUNGER - FOR KATHERINA.

IN A HOUSE DIAGONALLY ACROSS THE STREET FROM WHERE JESSICA LUNSFORD LIVED, NOT ONLY WAS SHE ALLEGEDLY SEXUALLY ASSAULTED FOR AS LONG AS TWO DAYS, SHE MAY HAVE BEEN BURIED ALIVE. LAW ENFORCEMENT SOURCES TELL CNN MURDER SUSPECT JOHN COUEY HAS TOLD INVESTIGATORS THE NINE YEAR OLD WAS ALIVE WHEN HE HID HER BODY IN THE GROUND BEHIND THE HOME WHERE HE'D BEEN LIVING. THE CITRUS COUNTY SHERIFF'S OFFICE WILL NOT COMMENT, BUT CNN'S SOURCES CONFIRM COUEY'S CLAIM. COUEY ALREADY IS CHARGED WITH KILLING JESSICA LUNSFORD BY ASPHYXIATION AND SEXUALLY ASSAULTING THE YOUNGSTER. LAST MONTH, JESSICA LUNSFORD'S FATHER DIDN'T HOLD BACK HIS RAGE AT THE SUSPECT AFTER LEARNING DETAILS OF HIS DAUGHTER'S DEATH. MARK UNSFORD/JESSICA'S FATHER I HOPE YOU ROT IN HELL AND I HOPE YOU GET THE DEATH PENALTY, AND I HOPE YOU CAN FIND IT SOMEWHERE IN YOU TO BE A MAN AND STAND UP AND TAKE YOUR PUNISHMENT. SOURCES SAY INVESTIGATORS ARE STILL TRYING TO CONFIRM EVERY ASPECT OF COUEY'S ALLEGED CONFESSION AND EXPECT TO KNOW MORE WHEN THE AUTOPSY IS COMPLETED IN A FEW WEEKS. THE SHERIFF HAS SAID COUEY HAD BEEN USING DRUGS AND HIS TIMELINE MIGHT NEVER BE CLEARLY KNOWN. THE SHERIFF'S OFFICE SAYS THE FAMILY HAS BEEN INFORMED OF COUEY'S CLAIMS. A NEWLY FILED PROSECUTION MEMO ALSO REVEALS JESSICA LUNSFORD MAY HAVE BEEN ALIVE IN THE HOUSE WHERE COUEY HAD TAKEN HER DURING TWO SEPARATE INTERVIEWS WITH ITS OCCUPANTS--- INTERVIEWS DONE DURING A MASSIVE SEARCH FOR THE CHILD. THE MEMO SAYS: "HAD THE DEFENDANT (COUEY'S HALF SISTER) DISCLOSED COUEY'S PRESENCE IN THE HOUSE, THE LIFE OF THE GIRL MIGHT HAVE BEEN SAVED." AUTHORITIES HAVE SAID THERE IS NO EVIDENCE ANY OF THE HOME'S OCCUPANTS KNEW JESSICA LUNSFORD HAD EVER BEEN THERE. COUEY HAS PLEADED NOT GUILTY.

WHAT HAPPENED IS THE RELEASE OF A DEADLY STRAIN OF FLU VIRUS: THE 1957 ASIAN FLU WHICH KILLED MILLIONS OF PEOPLE. UNLABELED SAMPLES WERE SENT TO NEARLY 5- THOUSAND PUBLIC HEALTH LABORATORIES IN 18 COUNTRIES AROUND THE WORLD BY A BIOSCIENCE COMPANY IN OHIO. IT WAS PART OF A ROUTINE PROCEDURE TO TEST HOW WELL LABORATORIES IDENTIFY VARIOUS FLU STRAINS. THIS PARTICULAR VIRUS HOWEVER, SHOULD NEVER HAVE BEEN RELEASED. WORLD HEALTH ORGANIZATION THIS VIRUS IS A FULLY TRANSMISSIBLE FORM HUMANS TO HUMANS AND EVERYBODY BORN AFTER 1968 WOULD HAVE NO IMMUNITY. THAT'S BECAUSE THE VACCINE AGAINST THIS FLU WAS DROPPED FROM MEDICAL PROTOCOLS AROUND THAT TIME. MOST OF THE SAMPLES WERE SENT TO LABS IN THE US. POLIO MOST FREQUENTLY STRIKES VERY YOUNG CHILDREN, BUT TODAY THE VAST MAJORITY OF POLIO SURVIVORS ARE MIDDLE AGED OR OLDER. THAT'S THE DIRECT RESULT OF A BREAKTHROUGH ANNOUNCED 50 YEARS AGO TODAY. JONAS SALK "THIS GIGANTIC EXPERIMENT IS SYMBOLIC OF THE EQUALLY GREAT FOUNDATION OF SCIENTIFIC AND PHILANTHROPIC W/O WHICH IT COULD NOT HAVE BEEN CONCEIVED OR EXECUTED." DOCTOR JONAS SALK HAD DEVELOPED A POLIO VACCINE, AND FOR THOUSANDS OF FRIGHTENED AMERICANS, THE NEWS COULDN'T BE MORE WELCOME. IT'S HARD FOR YOUNGER AMERICANS TO GRASP THE FEAR -- SOME SAY THE HYSTERIA -- THAT POLIO ENGENDERED DURING THE FIRST HALF OF 20TH CENTURY. WHILE MOST POLIO PATIENTS -- PEOPLE LIKE FORMER WASHINGTON POST EDITOR BEN BRADLEE... SUFFERED ONLY TEMPORARY SYMPTOMS... ONE OUT OF EVERY 200

INCLUDING PRESIDENT FRANKLIN ROOSEVELT -- SUFFERED IRREVERSIBLE PARALYSIS. SOMETIMES THE PARALYSIS SPREAD TO THE BREATHING MUSCLES... FORCING POLIO PATIENTS INTO IRON LUNGS, HUGE MECHANICAL CYLINDERS THAT DID THE BREATHING FOR THEM. THERE WERE NEARLY 60 THOUSAND CASES OF POLIO IN THE UNITED STATES IN 19-52, AND MORE THAN THREE-THOUSAND DEATHS. IN COMMUNITIES WHERE OUTBREAKS OCCURRED, SWIMMING POOLS AND MOVIE HOUSES WERE CLOSED, ANYTHING TO PREVENT THE DISEASE FROM SPREADING. LOOKING BACK ON THAT ERA, ONE EXPERT DESCRIBES POLIO AS THE AIDS OF ITS DAY. THE LAST BIG U-S OUTBREAK WAS IN THE BOSTON AREA. THOUSANDS OF CASES WERE REPORTED IN MASSACHUSETTS THE SUMMER OF 19-55, THE SAME YEAR THE VACCINE WAS APPROVED. AFTER THAT, THERE WAS A STEADY DECLINE. AS A RESULT OF SALK'S VACCINE, AND LATER, AN ORAL VACCINE DEVELOPED BY DOCTOR ALBERT SABIN, POLIO HAD ALL BUT DISAPPEARED FROM THE UNITED STATES BY 19-79, AND SCIENTISTS TURNED THEIR ATTENTION TO ERADICATING POLIO WORLDWIDE. THAT GOAL HAS PROVEN MORE ELUSIVE. CERTAINLY IN AREAS WHERE SANITATION AND OVERALL HEALTH CONDITIONS ARE OPTIMAL LIKE THE UNITED STATES, IT WASN'T NECESSARY TO REALLY GET SUCH HIGH COVERAGE LEVELS. PROBABLY WE WERE ABLE TO ERADICATE POLIO THERE WITH COVERAGE IN ONLY 80 TO 90 PERCENT. IN AREAS LIKE INDIA WHERE POLIO IS SO EASY TO TRANSMIT, WE FEEL WE NEED TO GET PROBABLY CLOSE TO 97 PER CENT OF KIDS IMMUNIZED. THERE WERE 12-HUNDRED-63 CONFIRMED CASES OF POLIO LAST YEAR AROUND THE WORLD, INCLUDING SOME CASES IN COUNTRIES PREVIOUSLY DECLARED POLIO -FREE. IN MOST PLACES, HOWEVER, POLIO IS A FADING MEMORY. IT'S FREQUENTLY DISCUSSED ONLY IN PAST-TENSE, AND IT'S NO LONGER A WORD THAT HAUNTS PARENTS OF YOUNG CHILDREN. AND THAT'S A PROCESS THAT BEGAN FIFTY YEARS AGO TODAY.

SEVERAL IMPORTANT RESEARCH FINDINGS OUT OF THE AMERICAN ACADEMY OF NEUROLOGY...WHICH POINT TO THE FAILURE OF A COMMONLY USED VITAMIN IN PREVENTING THE DEVELOPMENT OF ALZHEIMER'S...TO THE POTENTIAL POWER OF PRAYER IN SLOWING THE DISEASE'S COURSE. IN THE BATTLE AGAINST ALZHEIMER'S, A FAILURE, AND SOME SUCCESS. VITAMIN E WAS BELIEVED TO BE ABLE TO PREVENT ALZHEIMER'S. BUT NOW, THE LATEST RESEARCH, SHOWS IT DOESN'T WORK TO PREVENT, OR SLOW THE PROGRESSION OF MILD TO MODERATE THINKING ABILITY TO FULL BLOWN ALZHEIMER'S. THE SAME STUDY SHOWS THE DRUG ARICEPT WILL SLOW PROGRESSION TO FRANK ALZHEIMERS IN THE SHORT RUN, OVER THE FIRST TWELVE MONTHS, BUT AFTER THREE YEARS, IT WILL HAVE HAD NO NET EFFECT...THE DRUG REALLY DOESN'T WORK IN THE LONG RUN TO PREVENT ALZHEIMER'S. BUT NEVERTHELESS, THIS IS THE FIRST STUDY TO DEMONSTRATE THE ABILITY TO PUSH BACK THE CLINICAL DIAGNOSIS OF ALZHEIMER'S DISEASE. THERE REALLY HAVEN'T BEEN ANY OTHER STUDIES TO SHOW IN ANY DEGREE THAT YOU CAN DELAY THE DIAGNOSIS OF ALZHEIMER'S DISEASE. SO THIS PUTS OUR FOOT IN THE DOOR." BUT VITAMIN E AND ARICEPT STILL HAVE A PLACE...THEY DO HELP SLOW THE WORSENING OF SYMPTOMS IN SOMEONE ALREADY DIAGNOSED WITH ALZHEIMER'S.

"IT MAY BE THE CASE THAT SOME TREATMENTS ARE EFFECTIVE AT DIFFERENT STAGES OF THE DISEASE." BUT WEILL-CORNELL RESEARCHERS SAY WHAT PERHAPS MAY BE OPENING THE DOOR IN A MORE PROMISING WAY IS THE DRUG IVIG...INTRAVENOUS IMMUNE GLOBULIN. THE THEORY, IS THAT PERHAPS ALZHEIMER'S IS CAUSED BY A DEFICIENCY IN THE IMMUNE SYSTEM. IVIG, WHICH IS MADE FROM HUMAN PLASMA, AND USED FOR MANY DISEASES ALREADY, HAS BEEN FOUND TO CONTAIN ANTIBODIES WHICH WILL LATCH ONTO AND DESTROY SCARRING SUBSTANCES CALLED BETA-AMYLOID PROTIENS THAT ARE THOUGHT TO BE THE KEY TO BRAIN SCARRING IN THE BRAINS OF ALZHEIMER'S PATIENTS. THE STUDY, PRESENTED HERE IN MIAMI BEACH AT THE AMERICAN ACADEMY OF NEUROLOGY ANNUAL MEETING, FOUND THAT IN THE EIGHT PEOPLE WITH ALZHEIMER'S DISEASE GIVEN IVIG FOR SIX MONTHS, THEIR BRAIN LEVELS OF BETA AMYLOID DROPPED, WHILE THEIR BLOOD LEVELS OF BETA AMYLOID ANTIBODIES SHOT UP. ALL HAVE NOT DECLINED...OF THE SEVEN THAT DIDN'T DECLINE, SIX ACTUALLY WENT P...IMPROVED THEIR FUNCTION, AND THAT WHEN HANDED TO A STATISTICIAN IS SIGNIFICANT.WE FELL OFF OUR CHAIRS." NOW IVIG IS VERY EXPENSIVE. BUT MAYBE BY GETTING IT JUST FREQUENTLY ENOUGH, IT KEEP CAN KEEP THE LEVELS OF AMYLOID LOW ENOUGH IN THE BRAIN SO THAT IT CAN'T WREAK DAMAGE, AND CAUSE ALZHEIMER'S. "WE THINK, PERHAPS EVEN MORE POTENT THAN OUR CAPACITY TO INCREASE COGNITIVE FUNCTION WAS OFF THERAPY WITHIN TWO TO THREE MONTHS, THEY REGRESSED." A SIGN THE TREATMENT WAS IN FACT WORKING. GLIMMERS OF HOPE...FOR A DISEASE THAT HAS LONG BEEN ONE WITHOUT ANY.

AS MORE AND MORE PEOPLE TAKE UP MARATHON RUNNING, ESPECIALLY THOSE OF US WHO OTHERWISE DON'T RUN THAT KIND OF A LONG DISTANCE ROUTINELY, THERE HAVE BEEN INCREASED REPORTS OF DEATH AND ILLNESS FROM A SALT IMBALANCE PROBLEM, BROUGHT ON BY EXCESSIVE FLUID DRINKING ON THE RACE COURSE. FOR THOSE OF US WHO ARE RUNNING AFFICIONADOS, WHO THINK THE LONGER, THE BETTER, THERE IS A HEALTH CONCERN BROUGHT TO FOREFRONT IN NEW RESEARCH JUST RELEASED. LONG DISTANCE RUNNING IS FROUGHT WITH NUMEROUS HEALTH CONSEQUENCES....FROM HEEL SPURS, TO SKIN DAMAGE, TO EATING DISORDERS. BUT MANY THINK THE NUMBER ONE PROBLEM IS NOT GETTING ENOUGH FLUIDS IN DURING A LONG LONG RUN. THE BIG CONCERN WITH RUNNING LONG DISTANCES IN HOT WEATHER ISN'T NECESSARILY DEHYDRATION, WHICH IS WHEN YOU DON'T HAVE ENOUGH WATER, BUT RATHER, HYPONATREMIA, WHICH IS WHEN YOU DON'T HAVE ENOUGH SALT...AND THE REASON FOR THAT...IS THIS...DRINKING TOO MUCH WATER! DR. LEWIS MAHARMA IS MEDICAL DIRECTOR OF SEVERAL U.S. MARATHONS, INCLUDING THE NEW YORK MARATHON. "THERE HAS BEEN NO DEATH DUE TO DEHYDRATION, IN THE MEDICAL LITERATURE. BUT THERE ARE TONS OF PEOPLE GETTING VERY SICK FROM HYPONATREMIA." THE LATEST RESEARCH IN THE NEW ENGLAND JOURNAL OF MEDICINE, WHICH LOOKED AT RUNNERS IN THE BOSTON MARATHON. SHOWS HYPONATREMIA OCCURS IN A LARGE NUMBER OF NON-ELITE RUNNERS VENTURING ONTO THE 26.2 MILE COURSE. AND, THE STUDY FOUND, THE DEGREE OF HYPONATREMIA IN MANY OF THESE INDIVIDUALS IS SEVERE. "YOUR SERUM SODIUM GOES DOWN AND YOU CAN SEIZE AND ACTUALLY DIE FROM THAT." THIS 26 YEAR OLD WOMAN DIED IN THE 2002 BOSTON MARATHON FROM HYPONATREMIA. THIS STUDY LOOKED AT RUNNERS IN THAT VERY RACE. THE STUDY ESTIMATED THAT 90 FINISHERS HAD CRITICAL HYPONATREMIA. DR. MAHARMA SAYS SEVERAL WEATHER FACTORS ON RACE DAY PLAY A ROLE...AND EVERY MARATHON IS DIFFERENT. "WELL WHEN IT GETS HOT PEOPLE THINK THEY NEED TO DRINK MORE, AND THEY REALLY DON'T , THEY NEED TO STILL DRINK... NO MORE THAN ONE CUP, 8 OZ FOR EVERY 20 MINUTES WHILE OUT THERE. ANYTHING MORE THAN THAT IS GOING TO PUT YOU AT RISK FOR HYPONATREMIA." DR. MAHARMA SAYS IF YOU'RE RUNNING FOR LONGER THAN 90 MINUTES, A SPORTS DRINK IS BETTER THAN WATER BECAUSE YOU'RE GETTING SOME SALT. AND IF YOU'RE RUNNING A MARATHON, YOU DO NEED EXTRA SALT! "YOU TAKE ONE OF THOSE SALT PACKETS YOU STEAL FROM A FAST FOOD PLACE, PUT IT ON YOUR HAND AND LICK IT."

THE AVERAGE PERSON IS NOT TEMPTED TO HAVE SEX WITH A CHILD // OBVIOUSLY THERE IS VERY MUCH WRONG WITH A PERSON WHO IS DISORDERED IN THAT FASHION. PEDOPHILES EXHIBIT THREE QUALITIES...THEY HAVE RECURRENT SEXUALLY AROUSING FANTASIES, URGES OR BEHAVIORS INVOLVING A CHILD AGE 13 OR YOUNGER... ONE DOESN'T HAVE TO ACT ON THOSE URGES TO BE CONSIDERED A PEDOPHILE... THOSE URGES OR BEHAVIORS CAUSE SIGNIFICANT DISTRESS OR IMPAIRMENT AND THEY ARE AT LEAST 16 YEARS OLD AND AT LEAST FIVE YEARS OLDER THAN THE CHILD THEY FANTASIZE OR HAVE SEX WITH BUT... ACCORDING TO MOST EXPERTS... PEDOPHILES DON'T USUALLY KILL THEIR VICTIMS... WHEN IT COMES TO WORDS LIKE SEX OFFENDER, PEDOPHILIA, SEXUALLY OFFENDER. THESE ARE MONSTERS.....SOCIETY TAKES AWAY INDIVIDUALITY THE MEDICAL COMMUNITY VIEWS PEDOPHILIA AS A DISEASE THAT CAN'T BE CURED, BUT CAN BE CONTROLLED TALK THERAPY AIMED AT SUPPRESSING SEXUAL DESIRE FOR CHILDREN BY HUMANIZING THEIR VICTIMS... AND THEN THERE ARE ALWAYS DRUGS...SOMETIMES ANTIDEPRESSANTS WORK...AND OF PARTICULAR INTEREST THOSE THAT MAY CURB SEXUAL AROUSAL AND OBSESSION... ADULTS AND CHILDREN HAVE GROWN STEADILY FATTER SINCE THE ORIGINAL PRYAMID'S DEBUT IN 1992. A REPORT IN THE NEW ENGLAND JOURNAL OF MEDECINE SAID CHRONIC OBESITY TAKES AS MUCH AS NINE MONTHS OFF AN AMERICAN'S AVERAGE LIFE SPAN. OFFICIALS HOPE THE NEW GUIDELINES WILL REVERSE THAT TREND. THE OLD PYRAMID SUGGESTED SIX TO ELEVEN SERVINGS OF GRAINS - SIX TO ELEVEN TIMES A DAY AND JUST SPARE USE OF FATS AND OILS. THE NEW GUIDELINES ARE MORE BALANCED AND INCLUDE THIRTY MINUTE OF DAILY EXCERCISE. RECOMMENDED AMOUNTS WERE DESCRIBED IN "SERVINGS." MOST PEOPLE DEFINED THAT AS HOW MUCH HAPPENED TO LAND ON THEIR PLATE. NOW, SUGGESTED AMOUNTS ARE MEASURED IN PRECISE CUPS AND OUNCES.

IT'S CONSIDERED A TRACE ELEMENT....
BUT SELENIUM MIGHT BE AS VALUABLE AS GOLD IS TO OUR POCKETBOOKS WHEN IT COMES TO GOOD HEALTH.

NOW, NEW RESEARCH SHOWS SELENIUM MAY BE AN EFFECTIVE WAY TO FIGHT PROSTATE CANCER.

DR. ANNA FERRARI/ONCOLOGIST, NYU MED. CTR.

"When patients, normal individuals, not patients, were um essentially put on a diet, and enriched with selenium, those who had taken selenium had a decreased incidence of about 60 fold, 60% less than those who did not take selenium off prostate cancer. And that was also true for other cancers, although it is not as quite as strong as for prostate."

THE LATEST STUDY SHOWS SELENIUM CAN HELP MALIGNANT PROSTATE CANCER CELLS BE MORE SUSCEPTIBLE TO SELF-INFLICTED CELL DEATH AT THE HANDS OF OTHER CANCER KILLING DRUGS.

DR. ANNA FERRARI/ONCOLOGIST, NYU MED. CTR.

"Perhaps it will also help in the treatment of more aggressive established prostate cancers, that is men whose cancer now has progressed beyond let's say the prostate after they were treated for prostate cancer years ago, and it may do so not by itself however but in combination with other substances that, ah trigger cell death or that the cells have been come resistant to cell death by those other agents the use of selenium in combination with them will make it more effective."

STANDUP DR. MIKE ROSEN

SELENIUM IS FOUND COMMONLY IN DAIRY PRODUCTS, AND MOST MEAT AND FISH CONTAIN SELENIUM. VEGETABLES AND GRAINS ALSO HAVE SELENIUM.

DR. ANNA FERRARI/ONCOLOGIST, NYU MED. CTR.

"For prevention is clearly perhaps one of the most promising ah, currently available, substances, let's put it that way, or treatment if we can call it treatments, supplements for the prevention of prostate cancer."

WHEN COMBINED WITH VITAMIN E, RESEARCHERS BELIEVE THERE IS A POWERFUL POTENTIAL TO REDUCE THE RISK OF PROSTATE CANCER.

USING THAT ALONG WITH SCREENING TECHNIQUES MAY HELP REDUCE THIS COMMON CANCER IN MEN...AND MAYBE HELP TREAT IT AS WELL.

DR. ANNA FERRARI/ONCOLOGIST, NYU MED. CTR.

"I still think that men ...should have a PSA screening and a digital rectal examination. I don't see why they can not go ahead and take the selenium and vit e as part of their supplements."

I'M DR. MIKE ROSEN.

THAT STUDY SHOWS THIS AFFECTS MORE THAN A THIRD OF BYPASS PATIENTS. BUT NOW, A NEW STUDY COUNTERS THAT, AND PLAYS INTO WHAT THE SURGEONS HAVE TRULY BELIEVED. THE LATEST RESEARCH RELEASED BY THE ANNALS OF NEUROLOGY SHOWS THAT THERE ARE NO LONG TERM, PERMANENT SIDE EFFECTS DUE TO CORONARY ARTERY BYPASS SURGERY. MANY EXPERTS, INCLUDING THE AUTHORS, ADMIT THAT THERE ARE, OR MAY BE, SOME SHORT TERM EFFECTS IN MEMORY AND OTHER BRAIN FUNCTIONS. IN FACT, THE EXISTING LITERATURE CONFIRMS THAT MILD DEFICITS CAN PERSIST UP TO THREE MONTHS AFTER SURGERY IN AS MANY AS HALF OF THOSE GETTING IT, PERHAPS BECAUSE OF DIMINISHED BLOOD FLOW TO THE BRAIN TEMPORARILY DURING SURGERY, OR THE EFFECTS OF ANESTHESIA. BUT WHEN THE BEST DONE STUDIES WERE REVIEWED....THESE AUTHORS FAILED TO FIND EVIDENCE THAT COGNITIVE DEFICITS PERSIST AFTER THREE MONTHS. IT'S CONSIDERED A TRACE ELEMENT...BUT SELENIUM MIGHT BE AS VALUABLE AS GOLD IS TO OUR POCKETBOOKS WHEN IT COMES TO GOOD HEALTH. NOW, NEW RESEARCH SHOWS SELENIUM MAY BE AN EFFECTIVE WAY TO FIGHT PROSTATE CANCER. "WHEN PATIENTS, NORMAL INDIVIDUALS, NOT PATIENTS, WERE UM ESSENTIALLY PUT ON A DIET, AND ENRICHED WITH SELENIUM, THOSE WHO HAD TAKEN SELENIUM HAD A DECREASED INCIDENCE OF ABOUT 60 FOLD, 60% LESS THAN THOSE WHO DID NOT TAKE SELENIUM OFF PROSTATE CANCER. AND THAT WAS ALSO TRUE FOR OTHER CANCERS, ALTHOUGH IT IS NOT AS QUITE AS STRONG AS FOR PROSTATE." THE LATEST STUDY SHOWS SELENIUM CAN HELP MALIGNANT PROSTATE CANCER CELLS BE MORE SUSCEPTIBLE TO SELF-INFLICTED CELL DEATH AT THE HANDS OF OTHER CANCER KILLING DRUGS. "PERHAPS IT WILL ALSO HELP IN THE TREATMENT OF MORE AGGRESSIVE ESTABLISHED PROSTATE CANCERS, THAT IS MEN WHOSE CANCER NOW HAS PROGRESSED BEYOND LET'S SAY THE PROSTATE AFTER THEY WERE TREATED FOR PROSTATE CANCER YEARS AGO, AND IT MAY DO SO NOT BY ITSELF HOWEVER BUT IN COMBINATION WITH OTHER SUBSTANCES THAT, AH TRIGGER CELL DEATH OR THAT THE CELLS HAVE BEEN COME RESISTANT TO CELL DEATH BY THOSE OTHER AGENTS THE USE OF SELENIUM IN COMBINATION WITH THEM WILL MAKE IT MORE EFFECTIVE." SELENIUM IS FOUND COMMONLY IN DAIRY PRODUCTS, AND MOST MEAT AND FISH CONTAIN SELENIUM. VEGETABLES AND GRAINS ALSO HAVE SELENIUM. "FOR PREVENTION IS CLEARLY PERHAPS ONE OF THE MOST PROMISING AH, CURRENTLY AVAILABLE, SUBSTANCES, LET'S PUT IT THAT WAY, OR TREATMENT IF WE CAN CALL IT TREATMENTS, SUPPLEMENTS FOR THE PREVENTION OF PROSTATE CANCER." WHEN COMBINED WITH VITAMIN E, RESEARCHERS BELIEVE THERE IS A POWERFUL POTENTIAL TO REDUCE THE RISK OF

PROSTATE CANCER. USING THAT ALONG WITH SCREENING TECHNIQUES MAY HELP REDUCE THIS COMMON CANCER IN MEN...AND MAYBE HELP TREAT IT AS WELL. "I STILL THINK THAT MEN ...SHOULD HAVE A PSA SCREENING AND A DIGITAL RECTAL EXAMINATION. I DON'T SEE WHY THEY CAN NOT GO AHEAD AND TAKE THE SELENIUM AND VIT E AS PART OF THEIR SUPPLEMENTS."

INVESTIGATORS SAY THAT 50 YEAR OLD THOMAS SWEATT IS THE ONE THEY'VE BEEN LOOKING FOR MORE THAN TWO YEARS. EARLY LAST EVENING, HE MADE A BRIEF APPEARANCE IN A SUBURBAN MARYLAND COURTROOM. HE IS CHARGED WITH SETTING FIVE FIRES SO FAR, SUSPECTED AS BEING THE MAN WHO HAD TERRORIZED THE THREE STATE DC METROPOLITAN AREA SINCE AT LEAST AS FAR BACK AS MARCH 2003. DURING THAT SPAN THERE WERE MORE THAN 40 ARSON CASES, UNSOLVED EVEN AFTER A SPECIAL FEDERAL-LOCAL ARSON TASK FORCE WAS CREATED.. IF YOU THREATEN TERRORIZE IN OUR COMMUNITIES WE ARE GOING TO HUNT YOU DOWN INVESTIGATORS SWARMED OVER THE WASHINGTON FAST FOOD RESTAURANT WHERE SWEATT WORKED, LOOKING FOR MORE CLUES. THE BIG BREAK CAME WHEN DNA EVIDENCE WAS COLLECTED FROM A PAIR OF US MARINE TROUSERS RECOVERED AT THE SCENE OF A FIRE IN SUBURBAN VIRGINIA. IT WAS COMPARED TO DNA FROM OTHER LOCATIONS. NOTHING WAS OVERLOOKED AT ANY OF THE SCENES EVER. IN THE LAST WEEK, DETECTIVES DECIDED TO FOCUS ON SWEATT WHO VOLUNTARILY PROVIDED A DNA SAMPLE. AND YESTERDAY MORNING, THE ARREST. HE HAS NOT BEEN CHARGED WITH MURDER...YET, ALTHOUGH IN JUNE OF 2003 AN ELDERLY WOMAN WAS KILLED IN ONE OF THE FIRES. IT'S UNFORTUNATE THAT WE THE ONE FATALITY BUT IT'S FORTUNATE WE DIDN'T HAVE MORE. ALTOGETHER REWARDS ADDED UP TO A HUNDRED THOUSAND DOLLARS. NO WORD ON THAT, BUT OFFICIALS CONTEND THAT IF THEY'RE RIGHT ABOUT THEIR SUSPECT, THE REWARD IS A SAFER COMMUNITY.

SHE FOUND THE LUMP HERSELF ONE MORNING.... I WAS PETRIFIED. THEN HER DOCTOR CONFIRMED THE WORST. I WAS ONLY MARRIED A YEAR AND A HALF, THINGS WERE FALLING APART AROUND ME, AT FIRST I THOUGHT I WAS GONNA DIE. IT WAS EXTREMELY FRIGHTENING. AT AGE 29, ELIZABETH RUSSO HAD BREAST CANCER....AND THERE WAS MORE: DOCTORS TOLD HER SHE HAD A PARTICULAR KIND THAT GREW QUICKLY, AND WAS MORE LIKELY TO COME BACK. THIS HAPPENS TO ONE OF EVERY FOUR PATIENTS. BUT THERE WAS A TWIST... BECAUSE SHE HAD THIS TYPE OF TUMOR, SHE WAS A CANDIDATE FOR A STUDY ON A DRUG CALLED HERCEPTIN... DOCTORS KNEW IT WORKED WHEN THE CANCER HAD SPREAD TO OTHER PARTS OF THE BODY, BUT THEY WEREN'T SURE IF IT COULD HELP WOMEN LIKE ELIZABETH, WHO WERE AT THE EARLY STAGES. AT FIRST SHE WASN'T SURE WHAT TO DO, BECAUSE THE DRUG, IN A SMALL NUMBER OF WOMEN, HAD CAUSED HEART FAILURE. THERE WAS A LITTLE BIT OF FEAR THERE, BUT THE GOOD OUTWEIGHED THE FRIGHTENING PART. I HAD TO TAKE THE RISK BECAUSE THERE WAS A CHANCE I WOULD DIE. SHE TOOK HERCEPTIN, ALONG WITH CHEMOTHERAPY AND RADIATION, AND A YEAR AFTER FINDING THAT LUMP, SHE'S CANCER FREE. IN THE STUDIES AT THE NATIONAL CANCER INSTITUTE, WHEN WOMEN DID NOT TAKE HERCEPTIN, 30-PERCENT OF THEM HAD THE CANCER COME BACK. WHEN THEY DID TAKE HERCEPTIN, ONLY 15-PERCENT HAD THE CANCER COME BACK...IT CUT THE RECURRENCE RATE IN HALF...AN EXTRAORDINARILY IMPACT, EXPERTS SAY. MEANING THIS DRUG IS ONE OF THE MOST PROMISING IN A NEW GENERATION OF CANCER TREATMENTS.... UNLIKE CHEMOTHERAPY AND RADIATION, WHICH ATTACK HEALTHY AND UNHEALTHY TISSUE, MEDICINES LIKE HERCEPTIN ARE DESIGNED TO ATTACK ONLY THE SPECIFIC PROTEIN THAT CAUSES PROBLEMS... TARGETED THERAPIES, WHICH WE'VE TALKED ALOT ABOUT FOR THE LAST COUPLE OF YEARS, ARE REALLY COMING TO FRUITION. NOW ELIZABETH RUSSO, ONCE AFRAID SHE WOULD DIE...IS ALIVE FOR THE BIG MOMENTS, LIKE HER GODSON'S CHRISTENING LAST MONTH.... THE CANCER COULD COME BACK...BUT NOW IT SEEMS THAT'S LESS LIKELY.

MILLIONS OF AMERICAN WOMEN HAVE BEEN DOING WHAT 77-YEAR OLD BELLE STEINBERG DOES...CALCIUM AND VITAMIN D PILLS HAVE REMAINED AT THE CENTER OF AMERICA'S FIGHT AGAINST OSTEOPOROSIS FOR YEARS. CONVENIENT AND INEXPENSIVE, DOCTORS HAVE RECOMMENDED THEM FOR PREVENTION AS WELL AS TREATMENT AFTER THE DISEASE IS DIAGNOSED...FOR WOMEN OF *ALL* AGES. BUT NOW, NEW RESEARCH SAYS WE MAY HAVE BEEN WASTING OUR TIME PRESCRIBING THEM TO *OLDER* WOMEN. A STUDY RELEASED ON LINE BY THE JOURNAL LANCET SHOWS GIVING ELDERLY PEOPLE REGULAR SUPPLEMENTS OF VITAMIN D AND CALCIUM TO PREVENT BONE FRACTURES AFTER ALREADY HAVING ONE JUST DOESN'T WORK. AND WORSE, A SECOND STUDY -- IN THE BRITISH MEDICAL JOURNAL-- FINDS NO EVIDENCE THAT CALCIUM AND VITAMIN D SUPPLEMENTS REDUCE THE RISK OF EVEN *FIRST TIME* FRACTURES IN OLDER WOMEN. "I DO FIND THESE STUDIES HELPFUL BECAUSE MANY MANY PATIENTS REALLY BELIEVE THEY CAN PREVENT FRACTURES BY TAKING CALCIUM AND VITAMIN D AND WHAT WE'VE ALWAYS TELL PEOPLE IS THAT IT IS NECESSARY BUT REALLY NOT SUFFICIENT." DOCTORS HAVE KNOWN FOR QUITE SOME TIME THAT BONE MASS INCREASES THROUGH CHILDHOOD INTO THE TEEN YEARS UNTIL, IN EARLY ADULTHOOD, IT STOPS-AT WHAT'S KNOWN AS "PEAK BONE MASS." IT REMAINS THERE FROM AGE 25 TO 35-WHEN THE RATE OF BONE FORMATION IS EXACTLY THE SAME AS THE RATE OF BONE REMOVAL; THEN, FROM 35 TO 40 YEARS, THE BALANCE SHIFTS TO REMOVAL, AND THE SKELETON BEGINS TO LOSE BONE MASS. WHEN MENOPAUSE HITS, THE BONE LOSS ACCELERATES...AT THIS POINT, ACCORDING TO THESE NEW STUDIES-CALCIUM AND VITAMIN D JUST AREN'T ENOUGH TO STOP-LET ALONE REVERSE---DETERIORATION. BUT IT IS IN YOUNGER WOMEN-AND GIRLS---WHO NOW NEED TO BE EVEN MORE AGGRESSIVE ABOUT CALCIUM INTAKE. "THE MOST IMPORTANT IS IN YOUR TEENAGE YEARS. REALLY BY THE TIME YOU ARE 18-YOU HAVE WHAT YOU HAVE..." DR. PAULA RACKOFF SAYS YOUNG WOMEN NEED TO REMEMBER THAT WHAT THEY DO NOW - REALLY WILL IMPACT THEIR LIFE DECADES FROM NOW. "GIVEN WE ARE ALL LIVING SO LONG, QUALITY OF YOUR SKELETAL INTEGRITY DETERMINES YOUR LIFE IN YOUR 70S, 80S AND 90S." THESE STUDIES ARE BY NO MEANS THE END OF THE OSTEOPOROSIS PREVENTION DEBATE.
